Amorino is proud to present a new collection of environmentally friendly, 100% organic tea. Aficionados of Amorino's organic gelato range will now be able to enjoy our black, green and herbal tea range.

« This new range of tea was created with the same rigorous requirements as those used for our gelati, that of researching the perfect ingredients and quality raw materials »

Cristiano Sereni and Paolo Benassi, founders of Amorino.

Teas are presented in a refined floral packaging.

BLACK TEA

BREAKFAST ORGANIC AMORINO

Composed of crushed red-black tea from Ceylon (Sri Lanka), Kenya and the north of India, this English blend reminds us of the powerful, robust and high-tannin 'breakfast tea' much loved by the British.

EARL GREY ORGANIC AMORINO

With a Darjeeling base, the Earl grey blend flavoured with bergamot from the south of Italy is characterised by its intense flavour and lingering taste. It is much appreciated in the morning.

GREEN TEA

YUNNAN ORGANIC AMORINO

Tasty yet mild, this Yunnan tea has a deep copper colour and can be enjoyed at any time of the day. It is a great classic thanks to its finesse, multiple and complex aromas as well as its lingering taste.

MINT ORGANIC AMORINO

This mint green tea evokes memories of the sparkling beaches of Morocco at twilight. The freshness of green teas from China and the fragrance of mint remind us of these carefree seaside strolls at nightfall.
